

## **Decoy Raft™ Waterfowl Platform**

Get a true-to-life decoy spread in minutes, with one anchor.

The ruggedly-built Decoy Raft Waterfowl Platform gives hunters the ability to deploy dozens of decoys in any water depth using as little as one anchor, all while effectively mimicking rafting waterfowl and giving true-to-life dimension to the decoy spread.

The unique clip system eliminates tangles, and the tri-fold handle design saves countless hours in deployment and retrieval. The Decoy Raft features a dog-friendly design and is effective for divers, puddlers, and sea ducks. Available in two different sizes, and even effective as a jerk-string.

Along with the 12'x5' original Decoy Raft, the slightly smaller X2 offers extreme versatility. With 40 connection points and 18 stainless steel clips, the Decoy Raft X2 easily becomes the focal point of the spread.
